MANITOBA POPULATION ESTIMATES – JULY 1, 2004

		July 04	July 03	Change
POPULATION		1,170,268	1,161,552	Up 8,716
NET MIGRATION	**(July to June)**		**2003/04**	**2002/03**
	Interprovincial		-2,095	-2,875
	Total		5,027	2,011

Manitoba's total population was estimated at 1,170,268 persons as of July 1st, 2004, an increase of 8,716 persons, or 0.75%, from the July 1st, 2003 total of 1,161,552.

Manitoba's net interprovincial migration loss totaled -2,095 persons for the census year ending June 30th, 2004, an improvement from the net loss of -2,875 persons for the previous year. Manitoba's 2003/04 loss was almost entirely to Alberta (-1,376) and British Columbia (-854), with slightly smaller losses to Saskatchewan (-260) and the three Territories (-18). Manitoba gained mostly from Ontario (178) and Quebec (145), with smaller gains from Nova Scotia (43), Prince Edward Island (23) and Newfoundland (19).

Seven out of ten provinces had net interprovincial migration losses in 2003/04. Alberta (10,902) and British Columbia (7,333) showed large gains while Prince Edward Island (299) observed a smaller increase. Ontario (-8,793) and Saskatchewan (-2,901) reported the largest losses through interprovincial migration.

Interprovincial migration is generally offset to some degree by other types of population movement (international migration, Canadian citizens returning from abroad, non-permanent residents and Canadians temporarily abroad). When these other forms of population movement are combined with interprovincial migration, Manitoba recorded an overall net migration gain of 5,027 persons in 2003/04, compared to the net gain of 2,011 persons in 2002/03.

It should be noted that Statistics Canada has released revised components of population estimates for Canada, the Provinces and Territories. The revised estimates cover the time period from 2001/02 onward. This MBS report incorporates all revisions.

Table 5 presents the differences between the current population statistics contained in this report and those previously published by Statistics Canada for Table 1.
